

**The practical application of Sustainability Targets  
on marine and offshore units**

**(ABS Guide to Sustainability Notations)**

**Georgios Plevrakis / VP of ABS Global Sustainability Center**

**| American Bureau of Shipping**

We will discuss how Sustainability targets, as they are formulated in the 17 SDGs (Sustainable Development Goals) which are put forward by the UN and endorsed by IMO, can be considered in the design and operation of marine and Offshore units.
