

Global offshore plant Industry trends and strategy for digital twin

Chang-Young Son / Marine account manager | Hexagon Korea

Saxena Neeraj / Marine account manager | Hexagon Singapore

Recently we can see many offshore plant EPC projects in the market and owners of the projects have started to ask 'digital twin' based hand over for their quick and safe operations, which are directly related with their profits.

Through the presentation, we will review the trends of the digital twin related requirements from owners and responses of EPC across major offshore plant EPC companies in APAC.
